Description:

TPF is a matt, white hard-PVC film for inside applications with universal inkjet-coating.

High dimension stability and a gray rear cover ensure optimal use as a display film or pop-up display.

TPF has been conceived for the use of pigmented-, dye-based-, oil-based- and as well eco solvent ink.

To avoid fingerprints it is advisable to wear cotton gloves.

It is recommendable to refine the medium by cold-lamination.

Typical Applications:

Decoration:	POS
Display:	PopUp
BigPrints:	Photos / Poster
Trade Fair Building:	Stage Sets
